THE READING AGENCY AND LIBRARIES PRESENT

We'll be participating again in this year's **Summer Reading Challenge** from The Reading Agency.

The theme this year is **Mischief Makers**, inspired by the much-loved children's title Beano, which celebrates its 80th anniversary. Children will explore a map of Beanotown to find the mysterious buried treasure and become ultimate mischief makers! To complete the challenge, children must read 6 books. They can be whatever they like - fiction, fact books, joke books, picture books, audio books - just as long as they are borrowed from the library. **Registration opens on 14th July**. The scheme is free to join and continues throughout the summer holidays.

Focus on Books

More shelves please! A recent allocation of £2,800 of books from the council has resulted in the addition of 400 new titles, a few of which are shown here with volunteer Vera Dyer. This is in addition to almost 300 new donated books added to our "yellow sticker" stock in the last three months.

If there are books you would like to see in the library, please fill in the suggestion form at <http://www.greenhill-library.org/book-suggestions/>

Recommended Reading

"Liz Carlyle remains one of the most interesting characters in the male dominated world of the spy thriller" – Daily Express.

This series of 8 books have been written by Stella Rimington, a former head of MI5, giving an authenticity to these exciting stories. They cover the major events in our recent history – some based in Northern Ireland, others Islamic terrorism and the final one about an internal mole. Highly recommended if you enjoy thrillers and /or want to learn more about MI5. (From our chairman Patrick Coghlan.)

We have 2 of them in Greenhill and you can borrow the rest by ordering them from other libraries. See below ...

Borrowing books from other libraries

A national survey in 2017 asked both library users and non-users what would lead them to borrow more books. Over 40% said being able to borrow from other libraries. So it's good to remember that although Greenhill Library is run by volunteers it remains very much part of Sheffield Library Services and you can easily reserve books from any library. You can do it on-line at <http://library.sheffield.gov.uk/uhtbin/webcat> (you'll need your library card number and PIN), or you can ask the volunteers on the front desk to do it for you – please come with title and author's full name. Note that inter-library loans are *not* available for donated book stocks, such as our "yellow sticker" titles or Totley's "orange sticker" books.

It can't possibly be actor Phoenix Buchanan (Hugh Grant) who is responsible.... can it?

Volunteering

Have you ever thought about giving a little of your time to keeping the library open, but feel that being on the front desk is not your cup of tea? Well, there's more to running the library than that! We need folk to manage the book supply, run the book shop, decorate the library for events, make small repairs, keep the library clean, tidy and safe - and many other "invisible" activities such as fundraising and publicity.

Regular visitors, and readers of this newsletter, will know that we're no longer just somewhere to borrow books. We also provide a constantly evolving range of events and activities for the local community, and this is something else you could help with. Many of us only do one morning or an afternoon once a fortnight for regular activities in the library, such as manning the front desk, and a wide variety of roles have very flexible time commitments. You'll find a list of specific things that we need help with on our library web site (greenhill-library.org/volunteering) and on a poster by the check-out machines in the library. If you want to have a chat about doing something then just ask for a paper form at the front desk, or you can complete it on-line on our web site and that will come directly to our Volunteering mailbox. Have a look; there may be something that suits you! – Mick Black.

Mick Black started in the key role of volunteer co-ordinator back in January. "Some recent changes in my life afforded me a few hours of free time each week so I decided to give some of it to something worthwhile, something of value to the community", explained Mick. "One of the first things I had to do, in order that we always have the people available to keep the library running well, was to try to learn a little bit about every job in the library, mainly by talking with the people doing these jobs. This was quite a challenge at first as many volunteers are in the library only once a week for

a few hours; but I'm slowly getting there!" Mick is nothing if not organised, and has also put a lot of effort into rationalising our chaotic proliferation of "volunteering" documents. That done, he's now on a mission to fill some long-standing gaps in our workforce.

A library book, I imagine, is a happy book. –Cornelia Funke

Behind the Scenes

We'd like you to meet a couple of the unsung heroes who help keep the library open.

Never happier than when wearing a hi-vis vest, retired schoolteacher **Rob Goodrum** describes himself variously as "Health and Safety Officer", "Maintenance Man", and "General Dogsboddy". We caught up with him painting the railings. Rob is the go-to person for maintenance jobs, many of which he does himself, though for some he'll bring in outside contractors. Along with Keith Wilson, he's also the lead organiser of our Farmers' markets. One of our core volunteers, Rob estimates he donates between 4 and 20 hours a week of his time to the library. And he's been involved ever since the library came under volunteer control in 2014.

"It's a team effort", says Rob. "Without support from the others, I'd give up". "We could do with some more cleaners", (he helps with that, too!) "and it would be good to have more tradespeople such as plumbers or electricians involved, even if it's just to offer professional advice."

Fundraiser **Margaret Davis** is another volunteer who has been with us from the very beginning. You'll find her on the front desk most Wednesdays, but her real speciality is in applying for grants. Successes include awards from the Ward Pot, the Freshgate Trust, and more recently an Awards for All grant to fund a feasibility study to provide extended community space in the building. "This is all *restricted funding*", explains Margaret, "because it has to be spent on the specific, costed items stated in the application. It's quite different from the all-important *unrestricted* income derived from events like the Farmers' Market and the cinema, which is needed to pay the running expenses of the library." Once our feasibility study is complete, Margaret's next major challenge will be to raise the five-figure sum needed to fund the building work. A former trustee, she has also played a leading role in negotiating the terms of our lease (see below).

We are pleased to announce that after three years of negotiation and delay, we have finally **signed the lease** on the library building. It's initially for 5 years, with an option to extend to 25 which we plan to take up. That's important because a 25 year lease is generally a pre-requisite when applying for major funding.

New Computers!

We have recently replaced our old "People's Network" computers with our own newer (and much faster) machines – three in the children's library and six in the adult library. These machines run Windows 10 and have the full Microsoft Office Suite installed, plus Google Chrome. Log-on requires a simple ticket, available from the front-desk. Each ticket gets you one hour, though you can extend your time if necessary. There's also a new scanner and a new colour laser printer. Access remains free to library users (so bring your library card with you, even though you don't need it to log in).

Thanks to SPAR and Morrisons for donating items for event refreshments.
